

Participants Needed for Research Study on Long Term Care Workers' Experiences

A team of researchers at the **University of Washington Center for Health Workforce Studies** is interested in learning from your personal experience and expertise about how you started in long-term care & what is needed to better support you in your work.

You Qualify If You

- Are a Nursing Assistant Certified (NAC) or Home Care Aide (HCA).
- Work in assisted living facilities, skilled nursing facilities/nursing homes, or adult family homes.
- Are interested in sharing your experiences and perspectives about long-term care work.

Participants will be compensated with a \$50 electronic gift card.

Participation Involves

- One-time research interview of approximately 45 minutes.
- Interview conducted via Zoom or phone at a time that is convenient for you.
- Responses will be kept confidential.
- Participation is voluntary.
